

Bree Beal

Vice President, Communications

Bree Beal, CAP.CF.APMP, LSSYB, LEED AP, WELL AP, leads Government Business Development at HKS, working across multiple project sectors to support HKS' strategic partnerships and pursuits. She is an advocate of integrating wellness, sustainability, and diversity into projects that serve public sector communities.

A graduate of George Washington University, Bree received an MFA in Interior Architecture + Design, and from Regis University, an MBA in Finance and Accounting. With a strong foundation in design and business, she has built her reputation in the AEC industry on her strategic planning, relationship development, and project leadership.

As a proud Air Force Brat, who currently calls Washington, DC home, she supports the military and government community through advocacy of public sector design projects around the globe. She is involved in several mentor-protégé programs and, in addition to government business development, serves as the small, diverse business teaming and partnering lead at HKS.
